

The City of Steinbach

Steinbach, a city of about 10,000 population, is located 55 kilometers southeast of Winnipeg at the junction of Highways 12 and 52. The growing community serves as a regional trading centre for some 50,000 people throughout southeastern Manitoba. While some of Steinbach's earlier industries were agriculturally based, most have expanded and diversified to the extent they are now manufacturing products sold nationally and abroad.

Major employers in the city include firms producing windows, millwork, boats, printed materials and metal products such as elevator guide rails. Other plants turn out pre-cast concrete products and pharmaceuticals.

In the summer, residents can enjoy the beauty and challenge of a scenic 18 hole golf course, or take a refreshing swim in the new Aquatic Centre. They can enjoy a tennis match, play for their ball or soccer team at the community park or take a walk

on the many walking routes with numerous rest areas along the way.

For visitors accommodations there are several hospitality motels/hotel and a campground facility with electric hook-ups.

In winter, residents can skate, curl, play hockey, or be a part of the cheering section as their favorite team takes to the ice. Cross country skiing and snowmobile enthusiasts can enjoy these pursuits in the Steinbach area.

Year-round facilities include Steinbach's bowling alley and school gymnasiums.

Steinbach's Bethesda Health Service embraces a 60 bed acute care facility, 60 bed personal care home and 20 bed rehabilitation unit. Steinbach also has a 60 bed nursing home.

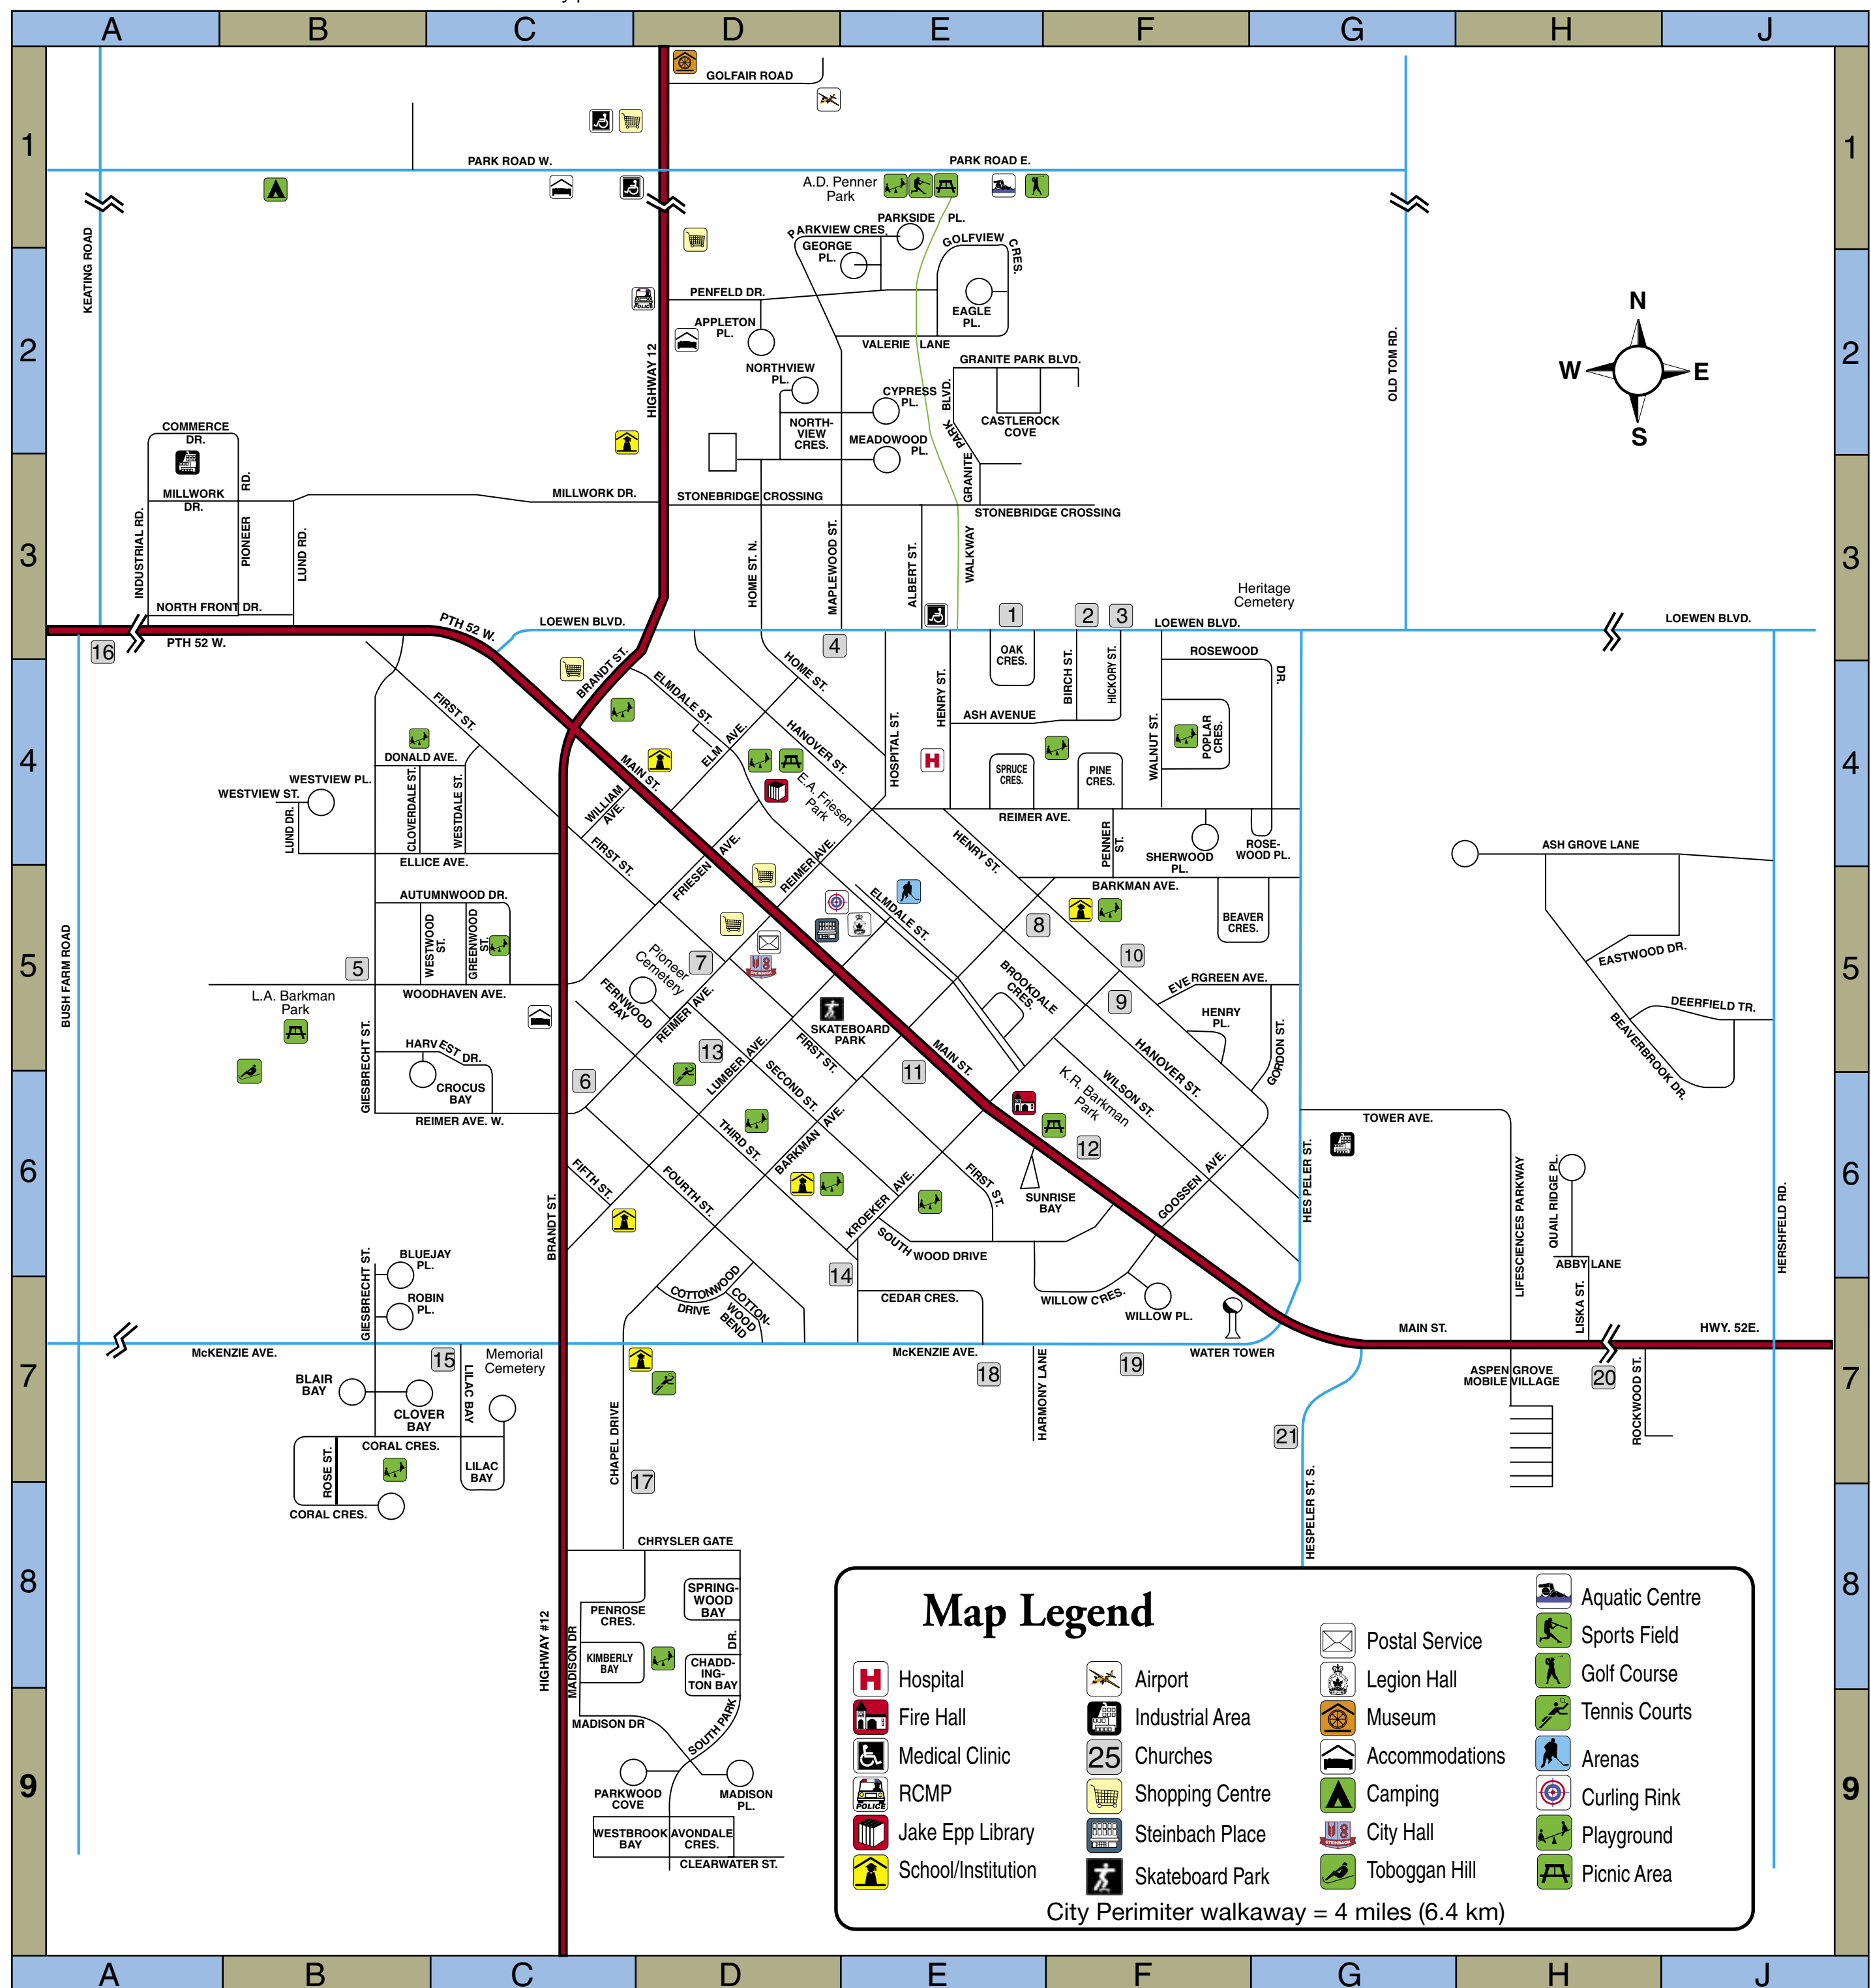

Five public schools and one private institution offer quality education to 3,150 students in the community. (Largest of the schools is the regional vocational

complex offering both academic and job-oriented courses to 993 students.)

Kindale Occupational Centre, while not affiliated directly with the public school system, provides educational and training programs for the adult mentally challenged.

Steinbach is home to Manitoba's number one community weekly newspaper, *The Carillon*, and radio AM 1250 and Lite 96.7 FM.
